**Conc.: BRC Packaging**

It is hereby confirmed that under a contract with Bureau Veritas Denmark A/S, Envases - Odense, have had a recertification audit 24-25 February 2025 against BRC Packaging issue 6, with Maria Gazdag as auditor. Your current certificate expires the 08 March 2025, and due to a concession for the delay we are not able to issue the certificate before 08 March 2025

Even though we have not finalized file review and issuance of certificate yet, we expect the certification will be renewed.

Following the completion of the file review, we expect that a certificate to the BRC Packaging Issue 6 will be issued shortly after.

Kind regards
